

IDEX 2011

International Armored Group (IAG) attended the 2011 IDEX exhibition from February 20th to the 24th, which was held in Abu Dhabi, United Arab Emirates. IAG was proud to display a fully B6 armored Toyota Land Cruiser 200 with enhanced blast resistance design at the event, capable of withstanding ballistic threats up to the 7.62 x 51mm M80 NATO ammunition and blast threats such as improvised explosive devices (IEDs).

IAG was honoured to take part in the 10th anniversary of the bi-annual IDEX, the largest defence industry event in the Middle East region. IDEX 2011 was a great success for IAG, and we would kindly like to thank all of our clients that were able to visit us. In addition, we would also like to thank all the new faces that stopped by our booth; it was a pleasure to meet you all and we look forward to building new relationships with you.
